WE BUILD AN UNBELIEVABLE BOATING EXPERIENCE!

Increasing your bottom line and providing unbelievable customer experience is always on the minds of every business owner. Since 1990 CraigCat® has had both business owner and the customer in mind. Not only do we build a boat that is appealing to all ages, and men and women alike, but we build an extremely stable, unsinkable, comfortable, easy to use watercraft with side-by-side seating that defies the world of regular boats and jetskis. Low insurance rates that will impress you!
The CraigCat is not a PWC and is registered as an open motor boat / runabout.
CraigCat® not only provides all of this, but does it with extremely low maintenance and only using about a gallon of fuel per hour. CraigCats follow regular boat rules, which means you are not restricted to day time use or restricted areas. How about a sunset cruise or bioluminescent tour? Outfitted with custom deluxe bucket seats, bimini top, storage compartment, beverage holders, cooler, NAV, docking and deck lights, the possibilites are endless!

Our watercraft is already taking over – from Dubai to Barcelona, Florida to Costa Rica – tours and rentals all over the world have discovered the CraigCat® difference! When was the last time you heard, ***"The highlight of our trip! You have to do this tour!" – John from New Jersey***
